Creative Realities Signs a Deal for Contingent's NetMedX Field Services

Kevin Clark 03/09/10
CNS Marketing

CINCINNATI OH – March 9, 2010 Contingent Network Services has signed a deal with Creative Realities, an explosive-growth technology and marketing firm to provide troubleshooting and repair services. NetMedX provides Creative Realities with onsite response times starting as fast as 2 hours from receipt of the request to keep their customers running. Creative Realities counts on Contingent's NetMedX service to provide properly equipped technicians onsite to troubleshoot, fix and repair digital signage displays, monitors and audio equipment across all of its nationwide locations. NetMedX offers a wide array of benefits including rapid response, real-time status, 100% coverage and a lifetime workmanship warranty. Based on current run rates, Contingent is anticipating calls out to over 1000 sites per year and in part because of the prompt professional service also expects that number to grow as Creative Realities network of sites expands.

About Contingent Network Services

Founded in 1984 and based in West Chester, Ohio, Contingent is a global IT services company specializing in Managed Secure Wide Area Networks, Integration, Logistics & Maintenance for large enterprises. Contingent deploys and manages WAN infrastructure like circuits, security appliances, routers, switches, wireless devices and many other components found in large, multi-site networks. Everything Contingent does is guaranteed under an SLA and Lifetime Workmanship Warranty.

About Creative Realities

Creative Realities, inc. (CRI) is an innovation management consulting firm. We specialize in processes for Strategic Business Innovation that stimulates growth, in both business-to-business and business-to-consumer companies. One of our key differentiators is our unique skill in managing cross-functional collaboration, with both internal teams and external experts. We are coaches, trainers, facilitators, thought provocateurs, and advisors to both project teams and their management sponsors. For more information please visit us at www.creativerealities.com
