TECHNOLOGY CONVERGENCE GROUP EXPANDS TO CINCINNATI

Cincinnati, OH – January 25, 2010. TOSHIBA Telecommunications has recently authorized Technology Convergence Group's (TCG) entrance into the Cincinnati market. Under the guidance of NAI Commercial Realtor's, the new office will be located at 7908 Cincinnati Dayton Road in West Chester.

TCG has been a leader in Telecommunications in the Dayton area since 2001. In 2006, TCG acquired a Columbus affiliate and began servicing the telecommunication needs for that region as well.

Technology Convergence Group is a full service business communications solutions provider with all TOSHIBA certified technicians. TCG provides a single point of contact for service, changes, applications, sales and installation. TCG can help a company design, support and maintain Award-Winning, dependable telephone and voice processing solutions from TOSHIBA.

The aim at TCG is to simplify technology procurement by offering clients complete communication technology solutions, including standard and voice over IP (VoIP) telephone systems, local exchange services and telephone system networking, with one phone call.

For additional information on TOSHIBA Telecommunications products or service, please contact TCG's Cincinnati office at (513) 759-5300 or visit www.tcg3.com
